Achieving Excellence in Clinical Research

Scientific, Ethical and Operational Considerations

Friday, September 28, 2012
McDonald's Hamburger University
Oak Brook, Illinois

From the North: I-294 South to I-88 (West to Aurora). Exit I-88 at 68 North (Cermak Road) – web site after toll booth. At intersection (22nd Street/Cermak Road), turn right and go one stoplight to Jorie Boulevard. Turn left on Jorie Blvd. to the third stoplight (Kroc Drive). Turn left. At stop sign turn left on Ronald Lane. Hotel is on the left and parking is on the right.

From the South: I-294 North to I-88 (West to Aurora). Exit I-88 at 68 North (Cermak Road) – Web site after toll booth. At intersection (22nd Street/Cermak Road), turn right and go one stoplight to Jorie Boulevard. Turn right on Jorie Blvd. to the third stoplight (Kroc Drive). Turn left. At stop sign turn left on Ronald Lane. Hotel is on the left and parking is on the right.

From the East (Downtown): I-290 West ( Eisenhower Expressway) to I-88 ( East-West Tollway to Aurora). Exit 180 at 83 North (Cermak Road) – Web site after toll booth. At intersection (22nd Street/Cermak Road) turn right and go one stoplight to Jorie Boulevard. Turn right on Jorie Blvd. to the third stoplight (Kroc Drive). Turn left. At stop sign turn left on Ronald Lane. Hotel is on the left and parking is on the right.

From the West (I-55 from North or South or I-88 from West): From either direction take I-88 west (East to Chicago). Take I-159 to Rosemont Road exit. At intersection (22nd Street/Cermak Road) turn right. Take 2nd Street to Jorie Blvd. Turn right on Jorie Blvd. to the third stoplight (Kroc Drive). Turn left. At stop sign turn left on Ronald Lane. Hotel is on the left and parking is on the right.
Achieving Excellence in Clinical Research
Scientific, Ethical and Operational Considerations

Program

Session 1
A. Writing and Publishing: Strategies for Success

Break

Session 2
B. Biopsychosocial Research: Evolving Ethical and Regulatory Issues

Break and Exhibit Viewing

Session 3
C. Scientific, Ethical and Operational Considerations

Achieving Excellence in Clinical Research

Scientific, Ethical and Operational Considerations

Panel Discussion with Plenary Speakers

Research Subject in Dr. Mengele's Lab

Break

J. Pender Collegiate Chair, University of Michigan

National Human Genome Research Institute

W. Gregory Feero, MD, PhD,

Medicine to Improve Health Outcomes

Hospital

Advocate Center for Pediatric Research

Denise Angst, PhD, RN,

Pharmacology & Physiology, University of Illinois at Chicago

D. Working with a (Bio)Statistician ... An Important Investment

Target Audience

Physicians, administrative nurses, nurses, research staff, administrators, IRB members, industry professionals and others involved or interested in clinical research.

Continuing Education Credits

Adhere Health Care is accredited by the Accreditation Council for Continuing Medical Education to designate for a maximum of 6 AMA PRA Category 1 Credit™.

Scientific, Ethical and Operational Considerations - Notice of CME Modules

Faculty Disclosure

Acknowledgement of disclosure will be made at each session. Written disclosures will be identified and reviewed prior to the conference.

Location

Humboldt University
McDonald's Office Campus

Registration Deadline

8/31/12

Registration Fees

Advocate Attending Physicians

$100

Advocate Associates, Residents and Fellows

$90

Advocate Associates, Trainees/Fellows

$90

Non-Advocate Attendees

$200

Non-Advocate Training/Full Time Students

$175

Faculty Disclosure

A. Writing and Publishing: Strategies for Success

B. Biopsychosocial Research: Evolving Ethical and Regulatory Issues

C. Scientific, Ethical and Operational Considerations

1. Identify the regulatory and ethical considerations that IRBs and other institutional review boards can use to try to differentiate research from innovative clinical and surgical practices.

2. Discuss important ethical considerations and questions when children are involved in research.

3. Examine new frontiers in emergency research and associated regulatory and ethical challenges.

4. Describe successful writing strategies that will enhance the publication of your research.

5. Discover how best to work with a (Bio)statistician in the design and analysis of clinical research.

Adhering to a high standard of excellence in clinical research requires not only a strong commitment to ethical practice, but also a steady commitment to health care system performance improvement. As professionals, we must own the ethical and operational implications of clinical research as a responsible business activity. This session will provide tools and practical strategies for all to be able to differentiate research from innovative clinical and surgical practices.

---

Session 1
10:15 – 10:30 am
A. Writing and Publishing: Strategies for Success
Joseph Villarreal, PhD, FAAN, Friends of Nursing: 11:00 – 12:00 pm
J. Pender Collegiate Chair, University of Michigan School of Nursing

B. Practice Change, Surgical Innovation, and Research: Elsewher We Draw the Line?
Susan Kornetsky, MD, MPH, Director, Methodology and Compliance, Boston Children's Hospital

C. Biopsychosocial Research: Evolving Ethical and Regulatory Issues
Leslie Wolf, JD, MPH, Professor, College of Law, George State University

D. Research with Children: Complex Care and Critical Issues
Benjamin Wiford, MD, Director, Trauma Center for Pediatric Research; Seattle Children's Research Institute

E. Withing a J/U-Statistician...An Important Investment
Michael L. Berbaum, PhD, Director, Methodology and Compliance, Boston Children's Hospital

Break- Refreshments and Exhibit Viewing
Session 2 10:30 – 11:30 am
A. Biopsychosocial Research: Evolving Ethical and Regulatory Issues
Leslie Wolf, JD, MPH, Professor, College of Law, Georgia State University

B. Research with Children: Complex Care, Questions and Conundrums
Benjamin Wiford, MD, Director, Trauma Center for Pediatric Research; Seattle Children's Research Institute

C. Achieving Excellence in Clinical Research: Where Do We Draw the Line?
Antonia M. Villarruel, PhD, FAAN, Director, Methodology and Compliance, Boston Children's Hospital

D. Writing with a J/U-Statistician...An Important Investment
Michael L. Berbaum, PhD, Director, Methodology and Compliance, Boston Children's Hospital

Break- Refreshments and Exhibit Viewing
Session 3 11:30 am – 12:30 pm
A. Biopsychosocial Research: Evolving Ethical and Regulatory Issues
Leslie Wolf, JD, MPH, Professor, College of Law, George State University

B. Research with Children: Complex Care, Questions and Conundrums
Benjamin Wiford, MD, Director, Trauma Center for Pediatric Research; Seattle Children's Research Institute

C. Achieving Excellence in Clinical Research: Where Do We Draw the Line?
Antonia M. Villarruel, PhD, FAAN, Director, Methodology and Compliance, Boston Children's Hospital

D. Writing with a J/U-Statistician...An Important Investment
Michael L. Berbaum, PhD, Director, Methodology and Compliance, Boston Children's Hospital

Lunch

Panel Discussion with Plenary Speakers
12:30 – 1:15 pm
Session 4 1:15 – 2:15 pm
A. Genomics Education for Health Professionals: Implications for Clinical Research
Michael L. Berbaum, PhD, Director, Methodology and Compliance, Boston Children's Hospital

B. Practice Change, Surgical Innovation, and Research: Where Do We Draw the Line?
Susan Kornetsky, MD, MPH, Director, Methodology and Compliance, Boston Children's Hospital

C. Achieving Excellence in Clinical Research: Where Do We Draw the Line?

Panel Discussion with Plenary Speakers
1:15 – 2:15 pm
Panel Discussion with Plenary Speakers

---

Objectives
At the conclusion of this conference, participants should be able to:

- Identify regulatory and ethical considerations that IRBs and researchers can use to try to differentiate research from innovative and clinical surgical practices.

- Discuss important ethical questions and conversations when children are involved in research.

- Examine new frontiers in emergency research and associated ethical and regulatory challenges.

- Describe successful writing strategies that will enhance the design and analysis of clinical research.

- Identify the regulatory and ethical considerations that IRBs and researchers can use to try to differentiate research from innovative and clinical surgical practices.

- Discuss important ethical questions and conversations when children are involved in research.

- Examine new frontiers in emergency research and associated ethical and regulatory challenges.

- Describe successful writing strategies that will enhance the design and analysis of clinical research.

---

Continuing Education Credits
Adventist HealthCare is accredited by the Accreditation Council for Continuing Education to offer continuing medical education for physicians. Adventist HealthCare designates this enduring material for a maximum of 4 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Adventist HealthCare is an approved provider of continuing medical education by the Illinois Nurses Association, an affiliate of the ANCC Commission on Accreditation. Advocate Health Care recognizes that provider status by INA/ANCC Commission on Accreditation refers only to its nursing education by the Illinois Nurses Association, an affiliate of the ANCC Commission on Accreditation.

---

Registration Deadline
September 17, 2012
Registration will be taken on a first come, first served basis; please sign up early.
